Candy's Competition

"TAG ALONG, dream girl," said Ted Dawson. "We're set to meet the gang for a soda." Candy O'Connor sat in the living room, paying no heed to the impatient Ted, who was already heading for the front door. He turned, "What gives, Candy? You've been fog-bound for the past two days." Candy heaved a sigh and shifted slowly in the easy chair. "Honestly, Ted, you're so absolutely adolescent! Why can't you be sophisticated and smooth like other men?" "Oh, fine," replied Ted. "Are you daffy about another one of those mush-faced movie guys or is some local joker giving me competition?" Candy looked exasperated. "Competition! That's all you think about. Just because I think you could stand a little improvement, you don't have to babble on about childish competition." Ted was red in the face by this time. "Adolescent! Childish!" he shouted. "Exactly," replied Candy, jumping up from her chair. "Come on, let's go. I should know better than to try to talk you into any sophistication or poise."

"Poise, schmoise, just so long as you're healthy," muttered Ted, as he stalked out to his jalopy with Candy at his side. In the car, he struggled manfully before he got the heap off to a jolting start. "Well," he murmured, "we're off in a herd of turtles." "Very funny," countered Candy. "That's just what I mean. You're never serious." Ted clamped his mouth shut. "Okay," he thought, "if she wants me to act like a good-guy, I'll do it. When we get to the Sweet Shoppe, I'll really turn it on. Then we'll see what the other fluffs think of sophisticated men! Phooey!"

Once at the shop, Candy plunged into a double fudge frappe and some heavy conversation with the other girls gathered there. Now and again, she'd glance up to see Ted talking football with the boys and she didn't pay much attention to him until she saw Cornelia Clyde enter the Shoppe. Cornelia and Candy were anything but friends. Cornelia resented Candy and did any mean little thing she could think of to antagonize her. Today she swept over towards the girls. "Well," she smiled in her superior way. "Too bad you girls don't have enough charm to keep your boyfriends at your sides."

Marcia Johnson, who was ordinarily a very quiet girl, spoke up suddenly. "The boys are having their discussion and we're having ours, Cornelia, and neither of them concern you in the slightest." Undaunted, Cornelia turned her sights on Candy. "Well, it isn't often I see Candy and Ted separated, let's hope it isn't for long. You never know what or WHO may break up these little romances in a hurry." And she turned and walked over to the soda fountain. "Lovely girl," commented Candy dryly.

Moments later, silence fell on the little Shoppe when the door opened and in strolled a perfectly beautiful redheaded girl. The boys stopped talking immediately and the air was suddenly full of low whistles. The girls didn't utter a sound, they just watched as she sauntered over to Cornelia, and flicked a fast gaze in the direction of the boys.

"Why, Cornelia, deah, I do believe you weren't teasin' me when you said the boys in Hartwick were handsome. They're utterly divine." With that, the boys started to drift towards the soda fountain. Ted, glancing at Candy, decided to play hard to get and settled himself in a chair at the other side of the room and began idly leafing through a magazine. For a time, the conversation at the fountain was going at a fast clip, while the girls, seated together, did a slow burn. It seemed that Cleo, the gorgeous southern belle, was a distant relative of Cornelia's and was spending a brief vacation with the Clydes. Questions like, "How about a movie tonight?" and "Will you go to the club hop with me?" began to drift out from the group surrounding her. Finally, Cleo, on the arm of Marcia Johnson's steady beau, strolled over to where Ted was seated, still casually perusing the magazine.

"And who's this perfectly charming boy?" she purred. Ted looked up slowly and then got to his feet. With a suave manner Candy never hoped to see in him, he introduced himself and assisted Cleo into a chair. Marcia's boyfriend, forced to retire, walked over to the girls. "Wow," he said expressively, "Dixieland, here I come." Marcia glared at him. In the meantime, Candy was wide-eyed. Was this the Ted Dawson she knew? This debonair sophisticate? As she watched, Ted signalled the soda jerk who dashed over to him. He ordered from the menu, an unheard of gesture, and then dismissed the ice cream jockey. Cleo ogled him with obvious interest and talked to him in intimate little whispers while Ted sat back in his chair, looking mildly interested and smiling in what Candy decided was a very sophisticated manner. Suddenly she could stand it no longer and she leaped to her feet and moved quickly to Ted's table. He rose to greet her and bowed slightly as he introduced the two girls. Candy's acknowledgment was frosty. Cleo made a quick appraisal and then said, "What a lovely, little girl. Are you a friend of Ted's, honey?" Candy shot a quick glance in Ted's direction. He was now very obviously amused. "I guess you could call us friends. At least we were friends," she stammered. Cleo rose to leave and turned a slow smile on Ted. "I hope your friendships won't keep us apart, Ted deah. You're really the most fascinating boy in Hartwick. I never dreamed I'd find such a sophisticated manner in this little ole' town. See you." And she joined Cornelia, who laughed openly at Candy as they strolled out of the shop, the boys in their wake.

Candy sat simmering for a moment as Ted struggled to keep from bursting into loud guffaws. "If you think, Ted Dawson," she started explosively, "that I count that redheaded flower of the south any competition, you're sadly mis—" Ted cut in, laughing. "Hold it, kitten. The phrase is 'childish competition.' Watch that adolescent conversation, you're liable to corrupt my sophisticated manner. Yuk! Yuk!" With that, they both collapsed in laughter. Candy whipped out her white hanky and waved it in the air. "I surrender, deah," mimicked Candy.

Why Haven't TV Owners Been Told These Facts?

Was your set purchased after the spring of 1947? Then here is the full, uncensored story of how you can avoid those \$15-\$20 repair bills... how you can avoid those \$30-\$60 a year service fees... and still get the perfect, movie-clear picture you've dreamed about!

HOW MANY TIMES this week have you had to get up to fix a jumpy or flickering TV picture... a washed-out, muddy picture? How many times have you had to put up with ghosts—snow—static—“weak” channels?

And how many times have you had to lose a full night's TV entertainment—because you had to call a repairman who couldn't come “till tomorrow”?

90% OF THESE BREAKDOWNS ARE UNNECESSARY

Do you know that the same exact set now playing in your home—no matter what make or model—has been playing in manufacturer's test rooms for months—without a single breakdown?

These sets have been subjected to incredible “Breakdown Tests”—running 24 hours a day—7 days a week—4 weeks a month—some of them for as much as 17 months!

They have been tested against every conceivable type of viewing hazard. They have been tested up to 125 miles away from the station... tested against the interference of an entire warehouse of electrical appliances... tested in special, steel-ribbed buildings which ordinarily would produce several distinct ghosts.

And in almost every case, these sets produced perfect, movie-clear pictures—without a single breakdown—for as much as 1 year! Here are some of the reasons why:

WHAT TV EXPERTS HAVE LEARNED ABOUT YOUR SET

1. If your set is properly cared for, as these sets were, it need break down only once in an entire year! You may actually have to call a repairman only once a year! You can save the \$30-\$60 service fees you are now paying, and you can save most of your \$10-\$15 repair bills!

2. If your set is properly cared for, it can actually give you perfect, movie-clear reception the other 364 days a year... without special equipment, without the help of a repairman—up to 100 miles away from your station!

3. And most important, these experts discovered that you do not have to be a handyman to get this top TV performance. You need no mechanical knowledge whatsoever. You do not even have to touch a single nut, bolt, or wire. Here's why:

5 MINUTES A WEEK FOR PERFECT RECEPTION

These television experts have discovered that your TV set, like your body, gives warning signals before a major breakdown. For instance, after your set was installed, it probably played perfectly for the first week. But then it began to suffer from vibration, jarring, the interference of other electrical appliances in your home! The picture might suddenly flop over or flicker—lines may appear on your screen.

Now—if you had the knowledge to quickly make a few minor adjustments—on the outside controls of your set—you could correct those symptoms—you could keep your set playing perfectly and you could prevent major breakdowns, exactly as they were prevented in these manufacturer's tests.

If you do not have this knowledge—if you do not make these adjustments... then your set will weaken, you will have a constantly bad pic-

ture and you will have to call in a repairman. Remember—you pay that repairman, not for his work, but for his knowledge! If you had that knowledge, you would not have to pay him at all!

A TV EXPERT AT YOUR ELBOW 24 HOURS A DAY!

Now suppose you had a television expert at your elbow 24 hours a day. Suppose that every time your set began to flicker, jump, become distorted or dissolve into lines or zags, that this expert would show you exactly what knob on the outside of your set to turn—to correct this trouble in less than 30 seconds, without the slightest danger to yourself or your set.

Suppose that every time you were annoyed by ghosts, snow, or weak channels, this expert would show you a non-mechanical trick, without complicated charts or diagrams, that would eliminate most of these faults within 15 minutes, and restore the perfect, movie-clear reception your set should give you.

Yes, and suppose that even when your set went black, this expert could show you a way to immediately locate and change the burnt-out tube, in less than 5 minutes, without the slightest danger or mechanical skill, and save the \$10-\$15 you'd pay a repairman.

ALL THE INFORMATION YOU NEED ABOUT YOUR TV SET

This is exactly what a new book, the TV OWNER'S GUIDE, does for you. Written by 3 of the country's top television experts, this book is guaranteed to save you \$65 to \$100 on your service repairs this year alone—save you as much as \$75 on special antennas, filters—save you as much as \$150 when you buy a new set!

AVOID 90% OF ALL TV REPAIR CALLS!

This book shows you how to fix 90% of your TV troubles yourself—in your own front room—without mechanical knowledge or tools—in less than 2 minutes apiece. There is no danger, because you do not touch any part carrying current. There is no skill needed, because hundreds of How-To picture instructions track the trouble to its source, actually lead you step-by-step through the entire adjustment. With this TV OWNER'S GUIDE at your side, you will probably need to call in a repairman only once a year, saving the money that 90% of repairs are costing you today.

INCREASE YOUR SET'S PULLING POWER 9 TIMES!

This book gives you a complete section on special, power-packed antennas that cost you less than \$10, yet increase your set's pulling power 4, 6, and 9 times. These antennas will give you movie-clear reception without expensive boosters up to 90 miles away from your station. They will automatically eliminate most neighborhood ghosts—snow—static.

A ONE VOLUME TELEVISION ENCYCLOPEDIA

Here are complete sections on buying—installing your set. Here are your legal rights with your landlord, your present service company, your repairman. Here's information you can trust on buying a new set... getting a 40% discount... avoid gypsies... what you must know about manufacturer's warranties, auction sales, installment payments.

WHY WE PUBLISH THIS INFORMATION
A frank statement to TV owners... TV buyers:
During the next year—no matter what the brand or model or condition of your TV set—you will probably waste \$30-\$100 on it!
You will waste this money for one reason—because you do not know the TRUTH about your television set. Because you do not realize that \$100,000,000 worth of research have gone into simplifying that set—into making it so simple that you yourself can keep it in perfect playing condition—without a repairman.
Here then, are the startling facts behind this claim—facts that you can prove in your own home. Read this ad—make these tests—decide for yourself whether it's worth a 3c stamp to learn the full, money-saving story.

PROVE IT YOURSELF!

NOW! SEE HOW EASY IT IS to get perfect TV reception. Cure these TV troubles yourself—IN LESS THAN 2 MINUTES.

ZAGS

SNOW

BURNT-OUT TUBE (Sound OK—No Picture)

CURE ZAGS. Here's all you do: Turn set around. Locate HOB. SYN. control on back. Turn control slowly to right... ZAGS will appear. Turn control slowly back to left. ZAGS will disappear and you will have a perfect picture on your screen. **THAT'S ALL THERE IS!** You have made a \$5 repair in less than 30 seconds!

CURE SNOW. (This will work in 1 out of 5 cases. If it does not, see TV OWNER'S GUIDE, page 73.) Turn set around... Locate point where antenna is screwed to set. **TURN OFF SET AND THERE IS NO DANGER.** Unscrew antenna. Scrape ends of antenna with scissors, knife or edge of set-screwdriver. Screw clean antenna ends back on set. **THAT'S ALL THERE IS!** You may have just made a \$10 repair in less than one minute!
